Humberto Martínez Cantú Visits Jabil Facility in Chihuahua

The president of Index Nacional, Humberto Martínez Cantú, conducted a working visit to Jabil's facility in Chihuahua to gain insights into the manufacturing processes of their products across more than 15 industrial segments.

During the visit, the company emphasized that this marks a significant step in strengthening strategic alliances that will help advance goals of consolidation and collaboration.

Jabil is a global manufacturing company with over 140,000 employees across 100 locations in more than 25 countries, supporting 300 brands in various markets including healthcare, packaging, smartphones, cloud equipment, and household appliances.

The president of the National Council of Index witnessed firsthand the company's technical capabilities, design expertise, and manufacturing knowledge, as well as their supply chain proficiency and global product management experience. These strengths enable Jabil to create a positive impact on both the community and the environment.

Jabil has operated in Mexico for 27 years, serving clients in sectors such as medical, automotive and transportation, digital printing, capital equipment, automated storage, industrial, and energy, among others. The company operates 21 manufacturing plants in Mexico, employing 37,000 people nationwide.

In Chihuahua, Jabil has had a presence for 24 years, with three manufacturing plants employing 9,000 people, making it the largest employer in the city.

Globally, Jabil is headquartered in Tampa, Florida, with 100 manufacturing plants and 140,000 employees.
